give me some new ideas. I think [illegible]
proper.

Enclosed: Justice Dept. statement of 6/6 on King wiretap. (I wrote for a copy.) The date the tap started would seem to give added importance to the MLK angle in the Milteer material. If you bring this to the attention of any newsmen, I suggest that you just give them the Archives stuff on Milteer, rather than telling them what you have. (More impact that way.) Might Harwood be interested?

Also enclosed: Maggie Higgins column (11/9/65) mentioning Col. Conein.
